ADVANCING THE COMMON GOOD

United Way of Chester County advances the common good and focuses our work on creating opportunities for a better life for everyone by making strategic investments in education, income, health, and basics. These are the building blocks for a good life - a quality education that leads to a stable job, enough income and financial education to support a family through retirement, and a lifetime of good health.

Our goal is to create long-lasting changes that prevent problems from happening in the first place. We invite everyone to be part of the change. Together, united, we can inspire hope and create opportunities for a better tomorrow.

That's what it means to **LIVE UNITED**.
